Dear Ms. Sugarman:

Pursuant to our conversation last week regarding over the limit contributions and general election contributions (See attached list) below is outline of actions taken by the campaign to raise funds to accommodate refund of contributions.

The campaign in coordination with the candidate has taken the following actions:

- Completed approximately twenty hours of call time to date and is currently planning to work through a fundraising list of about 150 people by the end of this week in preparation for next week's debt-retirement fundraising event.
- Scheduled two debt-retirement fundraising events at the candidate's home. The first was on Halloween and raised about \$8,000, all of which was used to either issue refund checks or to keep NGP up and running so we may continue to file and fundraise through the software. We are coordinating a second event just before the holidays in hopes of raising a similar amount.
- Candidate has committed to a regular string of fundraising events to continue reducing the amount due, which campaign anticipates will continue through June of next year (the refunds should be finished relatively soon and debts owed to contractors will follow once the refunds are completed).
- Raised approximately \$10,500 over the past month and a half toward his debt retirement goals;
